MEMORANDUM FOR: CMO/DDA

SUBJECT : Gerald Hughes

1. Please accept this note of appreciation from an MG'er for the professional and personal contributions made by Gerry Hughes during his tour on your staff.

2. Changes in directorate leadership, career service to sub-group, staff reorganizations, new personnel objectives, different management styles, ad infinitum, would have left some in his position spinning like a top. Not Gerry! He never lost sight of his primary responsibility - the MG careerist! He was always available, kept us informed, and worked hard for each of us, blending tact and humor with his inborn integrity.

3. We're all delighted about his new assignment, but will sorely miss his "care and feeding."
